

**P.E.N. Worldwide and LawExchange International ® best friends.**

LawExchange International ®, founded in 1994, is an association of independent law firms covering the world's major commercial centres within Europe, North and South America, the Asia/Pacific and the Middle East. Our goal is simple: provide a comprehensive and seamless web of legal services to clients through access to trusted, local legal counsel across the globe.

LawExchange International ® member firms possess the local knowledge necessary to help eliminate the challenges associated with doing business in a worldwide marketplace. Access to this knowledge can prove invaluable to clients doing business in foreign markets in terms of navigating the local laws, procedures, economic and business climates, cultures and politics in the countries in which they are doing business.

LawExchange International ® members are comprised of some of the top commercial firms serving middle-market and entrepreneurial businesses around the world. Members are carefully selected for membership based on a number of factors, including professional competence, reputation, integrity, and commitment to exceptional client service.

Members maintain close professional and personal relationships by meeting two times per year at LawExchange International ® conferences; through periodic regional conferences, for example, involving our member firms in the United States and Latin America, Europe and the Asia-Pacific region; and through regular communication throughout the year. Members not only share professional updates and best practices, but also maintain close working relationships which are essential to ensuring the continuity and quality of services which clients rightly expect.

LawExchange International ® has agreed to a best friends arrangement with P.E.N. Worldwide so that P.E.N.-members would gain access to on a swift and reliable worldwide reach of the services of the LEI lawfirms to provide P.E.N.-members with first class legal services around the globe.
